

Project Design Phase-II

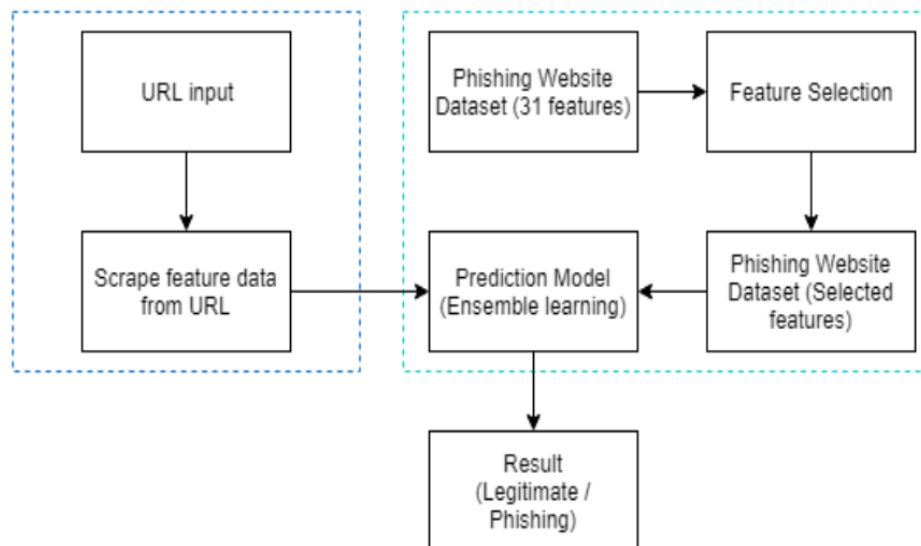

Data Flow Diagram

Date	16 October 2022
Team ID	PNT2022TMID00182
Project Name	Project – Web Phishing Detection
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Flow

1. User enters the URL and submits.
2. The website checks the URL
3. The link will be checked with phishing activities.
4. The result of the prediction will be stored.
5. The result will be intimated to the user.

DFD Level 0 (Industry Standard)
